

Our Vision

We will provide innovative, quality, continuum of care with seamless transitions to our special needs community with the goal of empowering these individuals to live their most purposeful life. We aspire to create an epicenter of care that includes year-round education, ABA therapy, collaborative onsite medical and ancillary therapy services, adult day services, respite care, and residential facilities. These goals can only be achieved through an inclusive community approach that enhances potential for lifetime success through understanding, compassion, and recognition of dignity.

Our Mission

The CORE Project, Inc. provides help and hope to our special needs community throughout their lifetimes by creating quality educational opportunities, fostering an ongoing critical support network, and optimizing clinical care, building a sense of belonging and independence moving from labeled to living.

THE CORE PROJECT, INC.

Clinical & Educational Services

Mobile, AL

"Moving from labeled to living."

OUR SERVICES

CORE CLINICAL SERVICES

CORE Clinical Services provides comprehensive diagnostic evaluations and treatment for the special needs community. Services include applied behavior analysis, psychiatric evaluations, medication management, and ancillary therapy services in a seamless collaborative setting. Our highly qualified professionals aim to teach language skills, reduce problem behaviors, and increase socialization skills. Essential parent training is also provided in hopes of giving parents the skill set necessary to keep their child at home as long as possible. Speech and Occupational Therapy collaborations are also available.

CORE ACADEMY

The CORE Project, Inc. strives to create an environment where learning is individualized for each student's educational needs. The Core Academy will provide students with specialized instruction that may be adapted for content, methodology, and delivery to accommodate each student's needs.

CORE RESPITE

Quality care for children with special needs while presenting parents with a much-needed break to help promote a healthy home environment. The CORE Respite will be provided twice a month.

CORE LIFE

In our community, there are limited services for adults with special needs. CORE Life will broaden these opportunities by providing individualized job training, vocational, and life skills to inspire growth and independence.

**WE ARE DEDICATED TO MAKING
OUR COMMUNITY THE BEST
PLACE TO RAISE A CHILD WITH
SPECIAL NEEDS.**

ABOUT US

The CORE Project, Inc. is a non-profit corporation established in 2020 to serve individuals in the special needs community. Our purpose is to provide quality ABA therapy, educational opportunities, and support that optimizes growth in learning throughout the lifetime of the individuals that we serve.
